3. Substantive Business & Board Action

- 00:00:51 **Register of Claims & City Financial Report**

- **Sponsor / Presenter:** Matthew Wagley, City Controller.
- **Deliberation Summary:** City Controller Wagley presented the register of claims, totaling $402,779.58. Key items discussed included:
  - A $37,501.48 claim to Leap Managed IT for IT services.
  - Two claims totaling $55,477 to Kelly Chevrolet for the purchase of a Tahoe for the street department.
  - A second run electric bill of $41,389.76 for street lights and traffic signals.
  - A $37,777.79 claim to Leap Managed IT for two months of printer usage.
  - A $15,875 claim to Summers of Anderson, Inc., for a commercial water heater and plumbing work at the animal shelter. Controller Wagley explained that the animal shelter's building maintenance fund is over budget due to an unexpected commercial AC unit failure during a hot summer period. Wagley and the board discussed budgetary line items, journal entries within the same series, and how cross-series shortfalls are addressed via City Council resolution in December. Board members and the controller also discussed streamlining utility and salary line items in future budgets to simplify tracking.
- **Item-Specific Public Input:**
  - **Jerry Wise** questioned why the water heater vendor was from Anderson rather than Muncie, expressed frustration with state-mandated budgeting rules, asked about labor negotiation attorney fees, inquired about the vehicle purchase allocation, and questioned a $10,000 payment to the Muncie Home Builders.
  - **Rick Yencer** suggested that the city look into discount warehouse liquidators (such as "Mr. Deals") for purchasing surplus or brand-new commercial appliances and HVAC equipment rather than paying full retail/wholesale prices.
- **Action & Vote Disposition:** Approved by Voice Vote 00:13:52.

- 00:04:04 **Unfinished Business: Street Closure Application <U+2013> Cats, Crystals, and Curiosities**
  - **Sponsor / Presenter:** Kat Miseries, business owner.
  - **Deliberation Summary:** The applicant requested a street closure on November 7th for the store's three-year anniversary celebration and vendor market. The event duration runs for a total of 12 hours (including two hours on each end for vendor load-in/load-out), with the main event lasting seven hours. Board members questioned the applicant regarding map markings at intersections (clarifying closures are just before intersections), notifications to neighboring businesses (Toys Forever is participating; nearby banks and offices are closed Saturdays or accessible via alternative routes), and impact on other local entities.
  - **Item-Specific Public Input:** None outside of the applicant's presentation.
  - **Action & Vote Disposition:** Approved by Voice Vote 00:17:11.

4. Open Public Comment / Citizen Forum

- 00:17:23 **Rick Yencer (Newsman/Author):**
  - Inquired about documents and map signatures executed by the redevelopment director prior to the meeting. The board clarified that it was a previously approved final plat map rather than a new land agreement.
- 00:18:30 **Jerry Wise (Muncie Resident):**
  - Returned to the topic of municipal budgeting, suggesting small side notes be kept on items like the animal shelter's overages to help calibrate future budgeting. He also humorously confused the home builders sponsorship with water heaters before concluding his remarks.

---

5. Administrative Updates & Adjournment

- **Staff / Board Announcements:** None.
- **Adjournment:** The meeting was officially adjourned 00:19:34 by voice/action of the board.
