Delaware County Redevelopment Commission Meeting Summary

Meeting Date: July 10, 2025

Report Type: Comprehensive Municipal Meeting Summary

1. Meeting Identification & Attendance

- **Call to Order:** Presiding officer called the meeting to order at [00:00:31](#) on July 10, 2025.
- **Attendance:**
 - **Members Present:** Mr. Keysling (spelled Keysling/Pson in roll calls), Commissioner Henry, Commissioner Brand, Mr. Wrigley, and Miss Green.
 - **Members Absent:** None noted.
 - **Presiding Officer:** Miss Green (identified via roll call and meeting facilitation).

2. Preliminary & Procedural Business

- **Ceremonial Openings:** The meeting opened with the recitation of the Pledge of Allegiance at [00:00:38](#).

- **Approval of Minutes:** The minutes of the June 12th meeting were approved by voice vote following a motion by Mr. Keysling and a second by Commissioner Brand [00:01:22](#).
 - **Agenda Reordering:** Agenda Item No. 4 (Tabled Business) was moved to the end of the agenda, and Item No. 7 (Cowan Road development site) was brought forward out of sequence [00:01:46](#).
-

3. Substantive Business & Board Action

- [00:01:57](#) **Agenda Item 5: Fusen Road Bid Opening**
 - **Sponsor / Presenter:** Carrie and Tommy (Staff).
 - **Deliberation Summary:** Staff presented two bids for the Fusen Road paving project (combining work from INDOT right-of-way to the railroad and West Fusen Road to Old Highway 31):
 1. *Consolidated EMV:* Grand total of \$795,525.00 (\$663,317.21 for the first section; \$132,185.40 for the second section).
 2. *First Brooks Construction:* Grand total of \$814,851.00 (\$692,392.00 for the first section; \$122,459.00 for the second section).
 - Although First Brooks was lower on a specific sub-section, staff noted they traditionally award the project as a package and recommended taking the bids under advisement for review.
 - **Action & Vote Disposition:** Approved to take bids under advisement by Voice Vote (motion by Commissioner Brand, second by Commissioner Henry) [00:05:26](#).
- [00:06:41](#) **Agenda Item 7: Cowan Road Development Site**
 - **Sponsor / Presenter:** Commissioner Brand.
 - **Deliberation Summary:** Commissioner Brand explained that the site was originally laid out for a potential business requiring a second entrance, which in turn forced stormwater mitigation work. Because that business is no longer imminent, and a second entrance may not be required for a future user, the board recommended suspending activity on the design/engineering contract (with Bach Mueller) rather than cancelling it outright. Remaining work under the contract includes traffic reports, roadway/utility design, and environmental services; unstarted items include bidding and inspection.
 - **Action & Vote Disposition:** Approved suspending work until further notice by Voice Vote (motion by Commissioner Brand, second by Mr. Wrigley) [00:07:26](#).
- [00:08:33](#) **Reimbursements from INDOT (Bridge 51)**
 - **Sponsor / Presenter:** Danielle (Staff) / Angie Moyer.
 - **Deliberation Summary:** Staff provided an informational update that \$25,244.00 was received from INDOT as a reimbursement for Bridge 51 (over Kilbuck Creek), which will be placed back into the TIF fund it originated from.
 - **Action & Vote Disposition:** Informational only; no board action required [00:08:47](#).

- **00:09:25 Update on Daleville TIF**
 - **Sponsor / Presenter:** Staff representative who attended the June 16 Daleville Redevelopment Commission meeting.
 - **Deliberation Summary:** The speaker updated the board regarding the request to allocate 20% of remaining funds in the Daleville TIF for countywide projects and redevelopment initiatives. The Daleville Redevelopment Commission voted 4-1 to approve an addendum to the existing interlocal agreement and is currently seeking outside counsel to draft the addendum language. Once drafted, both commissions will review it prior to formal adoption.
 - **Action & Vote Disposition:** Informational update; no action required **00:10:32**.
- **00:10:38 MIC Trail Bid Opening (BS Engineering)**
 - **Sponsor / Presenter:** Staff / Terry (Engineer).
 - **Deliberation Summary:** Bids were opened for the MIC Trail project (Phase 2 along 23rd Street/Cowan Road railroad crossing gap):
 1. *Yarberry Companies*: \$542,082.00
 2. *3D Company*: \$677,000.00
 3. *Morphe Construction*: \$613,000.00
 4. *Midwest Paving*: \$599,769.69
 - The engineer's estimate was \$467,812.00, with substantial completion targeted for November and full completion by May 1, 2026. Discussion revealed potential confusion among bidders regarding quantities and railroad crossing details in the bid packet.
 - **Item-Specific Public Input:**
 - **00:17:53 Jacob Case (3D Company)** stated that the railroad crossing sheet showed a crossing on Cowan Road, but paving and common excavation quantities were omitted from the bid packet, creating pricing discrepancies.
 - **Action & Vote Disposition:** Approved a full technical review of all four contractor responses in coordination with BS Engineering by Voice Vote (motion by Commissioner Brand, second by Commissioner Henry) **00:18:57**.
- **00:19:25 Baker Tilly Invoice for Bell Perch TIF (Superior Fresh)**
 - **Sponsor / Presenter:** Tracy Lutton (Economic Development Alliance of Muncie Delaware County).
 - **Deliberation Summary:** Lutton discussed an invoice from Baker Tilly for a tax abatement analysis conducted for Superior Fresh in the Bell Perch TIF district. Initially, the commission approved the study with an expectation that the company would pay half the fee. However, due to confusion regarding whether the company sought annexation into Albany versus a county-level tax abatement, the company never agreed to cover the half-cost and has not pursued the abatement. Lutton requested the commission cover the full remaining balance (\$1,500).
 - **Action & Vote Disposition:** Approved covering the remaining \$1,500 cost by Voice Vote (motion by Commissioner Henry, second by Mr. Keysling) **00:23:09**.

- **00:23:50 Isaiah House Monthly Update**
 - **Sponsor / Presenter:** Staff / Tracy Lutton.
 - **Deliberation Summary:** Monthly progress updates continue to be placed in commissioners' packets. Board members noted a lack of communication from the reporting representative (Hannah Kaufman) and requested staff verify her status with the organization.
 - **Action & Vote Disposition:** Informational only; no formal board action taken.
- **Regular & Bond/BOTT Invoices Approval**
 - **Deliberation Summary:** The board reviewed regular claims and bond/BOTT invoices (pertaining to the 2021 bond, Can-Pack, Morrison Road, and a pending investigation regarding a \$169,000 Living Greens payment pulled by Old National).
 - **Action & Vote Disposition:**
 - Regular invoices approved by Voice Vote (motion by Mr. Wrigley, second by Commissioner Brand) **00:25:21**.
 - Bond and BOTT invoices approved by Voice Vote (motion by Mr. Wrigley, second by Mr. Keysling) **00:29:57**.
 - *Note:* The board recessed from **00:31:07** to **00:39:45** to review documents.
- **00:39:52 Tabled Business 4A: Park One Second Entrance Bid Approval & Project Suspension**
 - **Sponsor / Presenter:** Commissioner Henry and Commissioner Brand.
 - **Deliberation Summary:** The board reassessed funding availability for the Park One second entrance project, noting prior large capital outlays (including a \$1.5 million bond payment to Key Bank and ARP commitments). Concluding that funds were insufficient, the board moved to suspend the project. Additionally, Commissioner Brand moved to direct all future funds from the SRM Concrete lease-with-purchase-option agreement into the new Brevini TIF, and to pull any recent payments incorrectly deposited into County General.
 - **Action & Vote Disposition:**
 - Project suspension approved via Roll Call Vote (**00:41:24** <U+2014> Mr. Pson: Yes; Commissioner Henry: Yes; Commissioner Brand: Yes; Mr. Wrigley: Yes; Miss Green: Yes).
 - SRM Concrete lease funds redirection approved via Roll Call Vote (**00:42:24** <U+2014> unanimous "Yes" across responding members).
 - Furthermore, after discovering ongoing engineering invoices from American Structure Point for the Park One entrance, the board approved suspending American Structure Point's work on the project until further notice via Roll Call Vote (**00:44:47** <U+2014> Mr. Pson: Yes; Mr. Wrigley: Yes; remaining members affirmative).
- **00:42:52 Tabled Business 4B: RAI Dues for 2025**
 - **Deliberation Summary:** Staff reported they are still waiting on the invoice from RAI and will continue following up to place it on a future claims list.

- **Action & Vote Disposition:** No action required at this time.
-

4. Open Public Comment / Citizen Forum

- **00:42:59 Rick Yenser** (Newsman and author) addressed the commission regarding industrial park trails, questioning their utilization and cost relative to industrial zone locations. He also raised concerns regarding data center expansion, noting heavy water usage by facilities (such as a water-cooled data center linked to Bit Tribe/Singapore interests in Park One), energy grid demands, and potential land/water threats, pointing out that other jurisdictions have enacted moratoriums.
 - **Board Response:** Commissioner Brand responded that industrial park trails are actively utilized by shift workers walking to and from work and will serve the newly closed Foundry Apartments development (120 units), keeping pedestrians off 40<U+2013>45 mph roadways **00:48:29**.
-

5. Administrative Updates & Adjournment

- **Staff / Board Announcements:**
 - Staff noted an update from Forge ECI (formerly ECIRP) regarding an unspent Ready grant allocation for a Daleville water and sewer extension project, which will be substantiated and refunded to ARP.
 - **Next Meeting Date:** Thursday, August 14th, 2025, at 9:00 AM **00:51:17**.
 - **Adjournment:** The meeting was officially adjourned following a motion and second, approved by voice vote **00:51:08**.
