5. Open Public Comment / Citizen Forum

- **00:04:49 Michael Wyman (Firefighter / Department Member)**
 - Addressed the commission regarding confusion and clarification surrounding the promotional testing process and certification points. Pointed out a discrepancy where Rule 8 specifies a maximum of 15 preparation/certification points, yet recent testing materials distributed by TPS Testing Public Safety calculated scores out of 20 points (allowing paramedics up to 5 additional points). Argued that this heavily favors paramedics over firefighters who have completed various fire officer certifications.
- **00:08:46 Unidentified Lieutenant Prospect / Department Member**
 - Spoke in alignment with Michael Wyman's comments, sharing personal experience of calculating promotional points based on a 15-point maximum framework for fire officer courses, only to find scoring adjustments on promotional packets due to the 20-point scale.
- **Board Response:** Commission members acknowledged the concerns, noted that their original intent was a strict 15-point total maximum regardless of how points are divided, agreed to look into the discrepancy, and offered to review the documentation provided.

6. Administrative Updates & Adjournment

- **Staff / Board Announcements:** Legal counsel announced that, following the board's action, they will contact the administrative hearing officer to coordinate and schedule a date for Captain Delaney's disciplinary hearing, with formal notification to be provided to Captain Coley.
- **Adjournment:** A motion and second were offered to adjourn the meeting, which was **Approved by Voice Vote 00:10:22.**
