5. Open Public Comment / Citizen Forum

- **00:00:58 Bob (Real Estate Business Owner):** Addressed the board regarding recent changes in the handling of delinquent sewage bills and property liens. Noted that two recent properties received liens without prior notification to his office, and expressed concern that paying off the liens did not immediately clear them from the records (being told they would remain until July), which could disrupt real estate closings.
- **00:04:47 William Shields (48 West San Piper Court):** Spoke regarding increases in sewer billing rates despite maintaining very low water usage as a single retiree. Raised concerns about base rates, lack of notification regarding rate increases, and noted that the neighborhood ditch assessment area does not appear to receive adequate service.
- **00:08:59 Ricky (Newsman and Author):** Commented on public dissatisfaction regarding recent rate increases and the district's communication with residents. Also raised questions regarding downtown utility work by Center Point, gas line replacements, and unpaved/dirt conditions left on South Madison sidewalks over the winter.
