 - **Deliberation Summary:** Matt Eckerly presented the annual statutorily required financial report covering Delaware County's 25 TIF allocation areas, highlighting fund balances, debt obligations, estimated tax increment revenues, and project lists. Key highlights included:
 - *Morrison Road:* Features two outstanding bond issues (2021 refunding bonds with ~\$3.6M outstanding; Redevelopment District bonds with ~\$5.2M outstanding, both maturing in 2040). Estimated 2023 collections of ~\$1.3M leave ~\$670,000 in free cash flow. The board maintains its long-standing policy to pass through residential incremental assessed value (~\$26.2M in 2022) to overlapping taxing units rather than capturing it.
 - *Nebo 1, 2, & 3:* Nebo 1 carries a developer-backed bond issue (\$1.7M outstanding with Nebo Land Partners) where shortfalls fall to the developer, not the county. Nebo 2 and 3 carry no debt and support local infrastructure.
 - *Park 1 & Save-A-Lot / Park Tucson / New Tucson:* Park TIFs support refunding bonds and agreements involving the Murray family/Old National Bank.
 - *Park Bravini & New Bravini:* Refinanced 2012 bonds (2021 Refunding Revenue Bonds) have \$1.9M outstanding, maturing in 2030. Muncie Power Products is located here, and options remain open to designate them as a designated taxpayer to capture equipment investment.
 - *Magna & Industrial Center:* No debt outstanding; strong growth in assessed value at the Industrial Center projected to yield ~\$416,000 in 2023 collections. Midwest Metals bonds are fully prepaid.
 - *PRL:* One bond issue with ~\$1.4M outstanding (maturing in 2030) featuring onerous star prepayment provisions, though collections (~\$606,000 estimated for 2023) exceed debt service by ~\$334,000.
 - *Fusion Shell Building (Living Greens):* Draw bonds authorized up to \$4M (payable from 70% of tax increment); \$135,000 drawn to date, with 2023 estimated TIF collections at \$184,000.
 - *Fountain Square (Can Pack):* Series 2021A and 2021B bonds are payable solely from 75% TIF over 15 years; phase two completion expected around 2025.
 - *Daleville (Legacy Area):* Two debt obligations (2015 Redevelopment District bonds with ~\$3.1M outstanding; Town Hall/Police Station BOT financing with ~\$4.1M outstanding; plus wastewater district pledge). Estimated 2023 collections of ~\$960,000 against \$627,000 in obligations leave \$333,000 for other projects.

- *Bell Perch*: Final bond payment due in June 2023, after which TIF revenue will be freed up for Albany-area priorities.
- *East State Road 32 Corridor*: Established last year; currently in its base year.
- **Item-Specific Public Input**: None.
- **Action & Vote Disposition**: Informational presentation; no formal vote taken.
