5. Open Public Comment / Citizen Forum

- **00:03:56 Zayn Bishop**

Noted that crack-sealing on recently paved streets was regularly performed under the prior administration and the previous city engineer (2020<U+2013>2021, with some early 2023 records), but has not occurred on a large scale under the current engineer and administration. While acknowledging alternative cost-saving measures taken by the current engineer (such as lane-specific paving and selective seal-coating on streets like Wheeling, Bar Avenue, MLK, and Walnut Street), Mr. Bishop requested clarity on why comprehensive crack-sealing has lapsed and whether the program will be reinstated.
 - **Board Response:** Board member indicated they would look into the matter, make necessary contacts, and follow up [00:05:54](#).

6. Administrative Updates & Adjournment

- **Staff / Board Announcements:** None.
