- **Sponsor / Presenter:** United Constructions representative / Staff.
- **Deliberation Summary:** Presentation of Pay Application No. 10 through the end of November, totaling \$183,224.12 with retainage of \$943.38, for a total of \$192,867.50 (bringing total project spending to approximately \$2.529 million). The project is currently seeing an underrun of close to \$161,000 overall, including signal work and pedestrian crossings (Phase 1B).
- Additionally, the board discussed an issue regarding a subcontractor (J.Crew) ordering materials and seeking a \$1,671 restocking fee for an unapproved irrigation system that was subsequently canceled. Staff noted that while conduits under driveways were installed as planned, the irrigation system itself was not approved, and the restocking fee issue is between the contractor and subcontractor. Staff also noted delays by INDOT in Greenfield regarding traffic signal reviews at Gaillard and Morrison.
- **Item-Specific Public Input:** None.
- **Action & Vote Disposition:** Pay application and project updates received and addressed within general invoice approvals.

Staff also requested up to \$1,500 to purchase a barrier, barricade, or fence to block vehicular access across the yard, bringing the total requested amount to \$6,000.
- **Item-Specific Public Input:** None.
