 - **Deliberation Summary:** The Sheriff's Department discussed ongoing challenges with equipment and vehicle storage scattered across the county, currently costing \$500/month (\$6,000/year) for a Muncie location while other gear is stored in deputies' homes. To enhance response times and reduce vehicle wear, the department proposed building a new storage facility at the new jail campus on the university property. Three contractor quotes were reviewed, with the board favoring "Mark's Building" (estimated around \$130,000-\$140,000 including a concrete pad). Funding would be drawn from TIF districts.

 - **Sponsor / Presenter:** Superintendent of Daleville Community Schools.
 - **Deliberation Summary:** The Superintendent presented a proposal for a 25-year partnership with "Sun Fund Ed" to install ground-mounted solar arrays at the high school and elementary school grounds. The project involves a \$1.8 million capital investment by private financial investors via a service agreement (guaranteeing 70% of the school's electrical needs). The school corporation requested a \$50,000 annual TIF contribution from the Redevelopment Commission over the life of the area to help offset the annual service cost of \$176,796. The presentation highlighted educational benefits (STEM curriculum, "Sammy" student kiosks), community partnerships, and mitigation of circuit-breaker tax losses.
