- **00:00:37 Project Update & Pay Application: Trail Phase 1 & Phase 2**
 - **Sponsor / Presenter:** Bill (Engineering / Project Management)
 - **Deliberation Summary:** Staff presented an update on Phase 1 of the sidewalk/trail project, including a certificate of substantial completion dated June 21st, which triggers a one-year warranty period. Staff recommended a contractor payout of \$81,786.83, accounting for withholdings on two remaining punch-list items (grass/sod areas and spelling items) valued at \$29,995 (doubled for the premium hold). Additionally, a final change order reflects a net reduction in the contract of \$100,454.23 in favor of the city due to unexecuted quantities and adjustments. For Phase 2, appraisers have completed 13 of 18 parcels, with estimated costs hovering around \$1.6 million (approx. \$1.7 million with contingencies). The board also briefly discussed ADA compliance points regarding wheelchair access near Holly's and utility/sidewalk clearances.
 - **Item-Specific Public Input:** None.
 - **Action & Vote Disposition:** Information presented; no formal vote recorded on this specific payout during this segment (invoices handled later in the meeting).
- **00:13:22 Paul Hastings / Hall Render Engagement Letter (Industrial Staff Project / Bond Counsel)**
 - **Sponsor / Presenter:** Bill
 - **Deliberation Summary:** Staff presented an engagement letter from Hall Render (recommending attorney Jeremy Oliver as a second bond counsel) to assist with extensive municipal bonding and undertaking projects, noting that former counsel Sue Beasley had retired and prior transitions moved through multiple firms.
 - **Item-Specific Public Input:** None.

- **00:15:34 Downtown Development: Utility Easement Acquisition & Railroad Property Swap**
 - **Sponsor / Presenter:** Bill / Land Man (Carl Hayes)
 - **Deliberation Summary:** Staff requested authorization to continue utilizing land acquisition agent Carl Hayes to negotiate with the railroad regarding a property swap in the downtown area. The strip of land near the old furniture store (former Kelly Gets property) is currently used by the railroad for tie storage. Acquiring and swapping this property will allow AEP (American Electric Power) to bury utilities and relocate telephone poles currently obstructing downtown development plans.
 - **Item-Specific Public Input:** None.
 - **Action & Vote Disposition:** Approved by Voice Vote.
- **00:18:59 Tyler Technologies / New World Software Project Update**

Training occurred across May, June, and July (including mobile data units), allowing agencies to file reports and directly link data to the prosecutor's office. The system went live in mid-July with minimal issues. An upcoming add-on training session for Incident-Based Reporting (funded via a Sheriff's Office grant) will occur next week.
 - **Item-Specific Public Input:** None.
