## Municipal Meeting Summary Report

### 1. Pre-Meeting Hearings & Committee Work Sessions

- **Session Type & Topic:** [00:00:51](#) Public hearing regarding the cumulative bridge funding ordinance (Ordinance 2020-02), focusing on increasing the cumulative bridge fund tax rate up to the statutory maximum of 10 cents per \$100 assessed value.
- **Summary of Discussion:** Staff explained that current revenues (yielding about \$1.4 million annually after circuit breakers) are insufficient to cover county bridge maintenance, repairs, and mandated biennial inspections, noting that recent project costs have spiked significantly (e.g., \$3.1 million for the Tiger Drive bridge and over \$1 million for a 23rd Street project). The current tax rate is just under 6 cents. The board ultimately moved to close the public hearing and table the ordinance.
