### 00:01:44 Resolution 2020-012 (Amendment to Resolution 2020-011): Revisions to Part-Time Employee Hours and Budget Shortfall Measures

- **Sponsor / Presenter:** Bill Hughes / Council leadership.
- **Deliberation Summary:** The council discussed amending the previously passed resolution (2020-011) regarding budget shortfalls and part-time employee hours. The original text had been changed earlier in the day from 20 hours back to 29 hours. Further review revealed that certain essential functions such as building cleaning personnel, mailroom staff, and 911 communications personnel had been impacted or inadvertently excluded by language changes.

The council debated paragraph/sentence number two of the proposed resolution concerning actual work hours not exceeding 29 and how it impacts part-time employee compensation and potential unemployment claims. Concerns were raised by council members regarding part-time employees being paid for hours they do not work if county buildings remain closed. Bill Hughes clarified the distinction between employees told not to report with a job waiting (who typically cannot claim unemployment) versus those laid off. Auditor Steve also noted that department heads were instructed to police timesheets so that part-time employees only claim the average hours they normally worked prior to closures (e.g., 10-12 hours rather than automatically claiming 29 hours).

- **Item-Specific Public Input:**
  - **00:11:51 John Brooke (Attorney/Representative):** Addressed the council regarding plans by the county commissioners to reopen the county building on a phased-in basis (potentially starting May 4th or 5th), dependent upon the Governor's stay-at-home order.
