Notice: This report is provided by the [Muncie Policy Memo](#) as a public service. This summary is generated automatically using artificial intelligence from public video transcripts, both of which are prone to error. The report is intended to provide an overview of meeting business and an aid to accessing detailed information from the video recording. When accuracy is critical, please refer to the official video recording or approved minutes.

Municipal Meeting Summary Report

1. Pre-Meeting Hearings & Committee Work Sessions

- (This section is omitted as the transcript consists entirely of a staff presentation rather than a formal municipal board or council meeting.)

2. Meeting Identification & Attendance

- **Call to Order & Spoken Details:** 00:00:09 Brian Stevens, City Engineer for the City of Muncie, opened a presentation detailing a joint municipal initiative between the City of Muncie and Delaware County.
- **Attendance:** Not applicable (informational staff presentation).

3. Preliminary & Procedural Business

- **Ceremonial Openings:** None recorded.
- **Approval of Minutes:** None recorded.

4. Substantive Business & Board Action

- 00:00:11 **Presentation: Muncie Street Problem Reporting Hub**
 - **Sponsor / Presenter:** Brian Stevens, City Engineer.
 - **Deliberation Summary:** The City Engineer provided a comprehensive walkthrough of a new computer- and mobile-based portal designed for residents to report street

issues within the city, developed in cooperation with Delaware County. Key features of the tool include:

- **Reporting Form Fields:** Captures problem type (spanning potholes and various other street issues), specific location details, reporter contact information (name, phone number, and email for status tracking and follow-up), and problem severity (categorized from minor to severe public safety/human health risks).
- **Media & Location Tools:** Allows users to upload saved photos from desktops or snap pictures directly from mobile devices. Mobile users can utilize a "locate me" GPS coordinate button, type in a specific street address, or drop/drag a marker on an interactive map.
- **Interactive Mapping & Status Tracking:** Public-facing interactive maps display all reported problems, current progress, and severity. A separate analysis map highlights problems repaired within the past 7 days to demonstrate crew progress through backlogs.
- **Public Awareness:** The hub features educational information on the causes of potholes, safety advice for motorists regarding active work crews, and requests for patience as crews work through reported tickets.
- **Item-Specific Public Input:** None.
- **Action & Vote Disposition:** Informational presentation; no formal board action or vote was taken.

5. Open Public Comment / Citizen Forum

- *(None recorded in this transcript segment.)*

6. Administrative Updates & Adjournment

- **Staff / Board Announcements:** 00:06:30 The presenter encouraged community members with further questions to reach out directly to the Muncie Street Department or the City Engineer's office.
- **Adjournment:** Not applicable.
