This summary is generated automatically using artificial intelligence from public video transcripts, both of which are prone to error. The report is intended to provide an overview of meeting business and an aid to accessing detailed information from the video recording. When accuracy is critical, please refer to the official video recording or approved minutes.

Delaware County Stormwater Board Meeting Summary

Meeting Date: August 4, 2025

Recorded Time: Approximately 11:01 a.m.

2. Meeting Identification & Attendance

- **Call to Order & Spoken Details:** Presiding officer called the regular meeting of the Delaware County Stormwater Board to order at approximately 11:01 a.m. on August 4, 2025. Proper public notice was verified.
- **Attendance:**
 - Members Present: Mr. Rian, Mr. Henry, and [Ms. Rigan / Board Member, noted as present during roll call].
 - Presiding Officer: Noted as leading the meeting (referenced as Commissioner Rian/Sherry).

3. Preliminary & Procedural Business

- **Ceremonial Openings:** [00:00:35](#) The board rose for the Pledge of Allegiance, led by the presiding officer.

- **Approval of Minutes:** 00:01:22 The meeting minutes from the May 19, 2025 regular meeting were reported as still being worked on.
 - **Action & Vote Disposition:** Motion to table the minutes was made, seconded, and **Approved by Voice Vote.**
-

4. Substantive Business & Board Action

- 00:02:22 **Old Business: Bluegrass Subdivision Televising & Repairs**
 - **Sponsor / Presenter:** Tom Borchers / Highway Department / Board discussion.
 - **Deliberation Summary:** The board discussed a \$10,000 quote from Kulie for repairing concrete tile sections coming up in Bluegrass. Out of an abundance of caution due to missing prior minutes, the board elected to reapprove the expenditure. A separate discussion occurred regarding a caving drain in a backyard on Allen Street within the neighborhood, which staff agreed to check on.
 - **Action & Vote Disposition:** Motion to approve the \$10,000 quote for Bluegrass televising and repairs was **Approved by Voice Vote.**
- 00:05:56 **Old Business: 700 West Property Damage / Deflection Wall**
 - **Sponsor / Presenter:** Board and Highway Department staff.
 - **Deliberation Summary:** Discussed unpermitted property owner/contractor work that removed and crushed a critical deflection wall on a neighbor's property at 700 West, threatening the drainage structure. Staff noted it would be an expensive fix. The board agreed to work through legal counsel (Danielle) to send a letter requiring the property owner to rebuild the wall to specification or pay for the professional quote.
 - **Action & Vote Disposition:** Consensus to proceed with drafting a formal notice and obtaining a repair quote.
- 00:08:37 **Old Business: Kin Drive Flooding & Paving Mitigation**
 - **Sponsor / Presenter:** Highway Department / Board.
 - **Deliberation Summary:** Addressed persistent flooding on Kin Drive that must be resolved prior to future road paving. The project involves cutting down a tree, navigating utility lines via hydro-vac, installing catch basins, and laying approximately 75 to 100 feet of pipe.
 - **Action & Vote Disposition:** A motion was made and seconded to perform the repairs (including pipe installation after asphalt season but before winter), **pending review of project cost and elevation surveys. Approved by Voice Vote.**
- 00:13:14 **Old Business: County Building Inlet Maintenance**
 - **Sponsor / Presenter:** Sherry / Courtney Puit / Tommy.
 - **Deliberation Summary:** Reviewed the need to clear sediment and grit from rock-lined drainage inlets around the county building to prevent water backup and

basement flooding. Highway staff noted it will be added to their open issues list to handle with flat shovels.

- **00:15:39 Old Business: Drainage Ordinance & Pond Ordinance Updates**
 - **Sponsor / Presenter:** Courtney Puit (VS Engineering review).
 - **Deliberation Summary:** Courtney provided an update on the 1993 drainage ordinance review. VS Engineering outlined options, highlighting complications under new State House Bill 1037 regarding local stringency limits versus IDEM stormwater permits. Courtney recommended shifting to an LTAP-modeled ordinance framework to update fees and fines without stalling local operations. Additionally, the pond ordinance is in final comment review with legal questions.
 - **Action & Vote Disposition:** Board directed Courtney to proceed with proposing an LTAP-configured ordinance for the next meeting.
- **00:19:47 New Business: Fund 1197 Financial Report Discrepancy**
 - **Sponsor / Presenter:** Commissioner Rian.
 - **Deliberation Summary:** Commissioner Rian noted a discrepancy in the cash statement for Fund 1197 (Stormwater Utility), specifically that July installment settlements and spring credits were missing, showing a balance of \$95,972.06. Rian stated she would visit the auditor's office immediately to investigate.
 - **Action & Vote Disposition:** Informational; administrative follow-up initiated.
- **00:19:47 New Business: Hickory Subdivision Drainage & Catch Basin Investigation**
 - **Sponsor / Presenter:** Commissioner Henry / Tommy / Heather.
 - **Deliberation Summary:** Discussed drainage complaints and standing water at 6701 Hickory. Staff reported that the catch basin lacks a visible bottom and direct outlet, but water successfully drains/leaches away within roughly 18 to 33 hours after heavy rain. Tom Borchers planned to televise the western inlets to see if tying in is feasible, though staff noted high costs and limited benefit for a single property given natural soil leaching.
 - **Action & Vote Disposition:** Informational; ongoing monitoring by staff.
- **00:30:16 New Business: Beverly Hills Subdivision Erosion (6721 South Primrose Parkway)**
 - **Sponsor / Presenter:** Board / Highway staff.
 - **Deliberation Summary:** Addressed a massive erosion wash-out near Buck Creek at the property of Terry Rickard (6721 South Primrose Parkway) that threatens fences and trees. Staff noted a subdivision drainage tile line runs through the area and may have dropped or broken.
 - **Action & Vote Disposition:** Board agreed to schedule a joint field trip with the surveyor and board members to inspect the site in person.
- **00:34:29 Claims Approval**
 - **Sponsor / Presenter:** Board leadership.
 - **Deliberation Summary:** Claims spanning April, May, and June totaled \$45,692.38.

- **Action & Vote Disposition:** Motion to approve claims was made, seconded, and **Approved by Voice Vote.**
-

5. Open Public Comment / Citizen Forum

- **00:35:36 Courtney Puit (Stormwater Management Compliance Inspector):** Provided a compliance and administrative update. Noted Delaware County Mental Health construction is going well with topsoil placement; announced she will attend the ANCOR conference (Sept 10-12) for continuing education and give her first conference presentation; announced annual municipal facility inspections begin in October; highlighted educational outreach by Bureau of Water Quality biologists with Boy Scouts, Wildlife Warriors, and Ball State; noted the White River cleanup is scheduled for September 27th; and outlined upcoming Illicit Discharge Detection and Elimination (IDD&E) outfall inspections across county tributaries.
 - **00:37:29 Unidentified Citizen:** Asked a procedural question regarding what constitutes "flooding" from a stormwater coordinator's perspective. Courtney Puit clarified that dry detention basins failing to drain within 72 hours indicate a problem, whereas water receding within 24 hours is generally considered a normal, slow drainage process rather than actionable flooding.
-

6. Administrative Updates & Adjournment

- **Staff / Board Announcements:**
 - The board discussed transitioning to **monthly meetings** to prevent issues from falling through the cracks.
 - The next meeting was scheduled for **Tuesday, September 2, 2025** (adjusted due to Labor Day), with a requested start time of **10:30 a.m.** (prior to commissioner scheduling).
 - **Adjournment:** Motion to adjourn was made, seconded, and **Approved by Voice Vote** at the conclusion of the session **00:41:14**.
-
