- 00:55:32 Tamara Tim & Mary Vanata (Isaiah 117 House):
 - Addressed the board providing an update on the Isaiah 117 House project. They noted delays caused by utility line and water main requirements mandated by the state for fire sprinkler systems. They formally requested a timeline extension to account for winter weather delays and utility installation schedules, and inquired about moving furnishings in prior to obtaining a certificate of occupancy.
 - *Board Response:* The board clarified that move-in permissions fall under the purview of the fire inspector, health department, and building commissioner, not the commission. A subsequent motion was made during the meeting to extend their development agreement deadline to June 30, 2026 01:04:35.
