This summary is generated automatically using artificial intelligence from public video transcripts, both of which are prone to error. The report is intended to provide an overview of meeting business and an aid to accessing detailed information from the video recording. When accuracy is critical, please refer to the official video recording or approved minutes.

Delaware County Redevelopment Commission Meeting Report

Meeting Date: October 10, 2024

Meeting Time: 9:00 AM

2. Meeting Identification & Attendance

- **Call to Order & Spoken Details:** Presiding officer opened the Delaware County Redevelopment Commission meeting at 9:00 AM on October 10, 2024.
- **Attendance:**
 - **Present:** John Adams, Bryant Conway, [Unnamed Board Member / "Moer"], Andrew [Last Name Unclear / Board Member]
 - **Absent:** Michelle Battering
 - **Presiding Officer:** John Adams (implied by role)

3. Preliminary & Procedural Business

- **Ceremonial Openings:** The meeting opened with the Pledge of Allegiance.
- **Approval of Minutes:**
 - **Item Identifier:** Approval of meeting minutes from September 19, 2024.

- **Action & Vote Disposition:** Approved by Voice Vote.
 - **Tabled Business:**
 - The board briefly discussed an item currently left on the table. Staff clarified that a motion is only required to remove an item from the table, so it will remain tabled.
-

4. Substantive Business & Board Action

- **00:01:15 Cobalt Civil LLC / Delville Wastewater Engineering Legal Review Update**
 - **Sponsor / Presenter:** Staff / Legal Counsel
 - **Deliberation Summary:** Staff reviewed the bid provided by Cobalt Civil, noting that the engineer recommended approval. The bid was deemed appropriate and well under the engineer's estimate. A related contract will be circulated to the Redevelopment Commission President for signature, and work will begin shortly.
 - **Action & Vote Disposition:** Approved by Voice Vote.
- **00:02:33 Resolution 2024-12: Delville TIF & Interlocal Agreement**
 - **Sponsor / Presenter:** Staff
 - **Deliberation Summary:** The Delville TIF currently funds three or four current obligations, with remaining cash flowing to the Delville Redevelopment Commission. The local redevelopment commission has been meeting regularly and working with schools on roadway projects. The school and Delville requested control of these funds for local projects via a formal resolution and an interlocal agreement (which allows fund transfer and future cancellation by either party). The interlocal agreement will also be presented to the town board in November.
 - **Action & Vote Disposition:**
 - Resolution 2024-12: Approved by Voice Vote.
 - Interlocal Agreement: Approved by Voice Vote.
- **00:04:13 Resolution 2024-13: Yorktown Jackson Street Drainage Improvements**
 - **Sponsor / Presenter:** Staff
 - **Deliberation Summary:** Formal resolution to partner with the Town of Yorktown on drainage improvements. The project location is west of the K&East Station, before County Road 600 West (Kamak area). This concept was approved at the previous meeting.
 - **Action & Vote Disposition:** Approved by Voice Vote.
- **00:05:03 Resolution 2024-14: Stockport Road Drainage Improvements (Delaware County)**
 - **Sponsor / Presenter:** Staff
 - **Deliberation Summary:** A joint project with the Muncie Sanitary District. A private road on Stockport Road (West of Muncie) features a drainage ditch running parallel to Jackson Street with a bridge in disrepair. Because it is a private road, residents would normally bear the cost, but with only about 6 to 8 residents, the county and

Sanitary District agreed to split the cost of installing a culvert pipe to ensure traffic access to houses north on Stockport Road.

- **Action & Vote Disposition:** Approved by Voice Vote.
- **00:06:11 Resolution 2024-15: Traffic Study at Count and Fusion Roads**
 - **Sponsor / Presenter:** Staff
 - **Deliberation Summary:** Formal resolution for a traffic study at Count Road and Fusion Road following previous board approval. The study aims to determine necessary road markings, signals, or safety measures at a location that has seen multiple accidents.
 - **Action & Vote Disposition:** Approved by Voice Vote.
- **00:06:56 Resolution 2024-16: 3710 North Morrison Road Phase Two Environmental Site Assessment**
 - **Sponsor / Presenter:** Staff
 - **Deliberation Summary:** Property at 3710 North Morrison Road was offered through an RFP process by the Redevelopment Commission. A Phase I environmental assessment indicated the need for a Phase II assessment. The buyer agreed to split the cost of the Phase II study with the Redevelopment Commission. The total quote is \$13,700 (\$6,500 base mentioned, with the Delaware County Redevelopment Commission's 50% obligation totaling \$6,850).
 - **Action & Vote Disposition:** Approved by Voice Vote.
- **00:08:18 Cowan Area Township Trustee Tree Request & Beautification**
 - **Sponsor / Presenter:** Staff (relaying request from Township Trustee Leonard Reese and Nikki Sherry)
 - **Deliberation Summary:** During recent sidewalk installations in the Cowan area, large trees hitting sidewalks were removed, drawing local concern. Trustees requested funding to purchase 10 trees (one per yard) as final project beautification, totaling \$4,160 based on a local lawn care estimate (including installation). Board members expressed willingness to fund the trees using Industrial Center TIF district funds, provided two strict conditions are met: (1) The Township Trustee not the county must procure and install the trees, and (2) Property owners must be explicitly notified that the county/commission will not provide long-term tree maintenance, trimming, or care. Staff will draft a formal resolution for the next meeting incorporating these language requirements.
 - **Action & Vote Disposition:** Approved by Voice Vote (with formal resolution to follow).
- **00:01:58 Delaware County Emergency Management Request: Commodity Flow Study**
 - **Sponsor / Presenter:** John Cino, Director of Delaware County Emergency Management
 - **Deliberation Summary:** Director Cino requested funding for a hazardous materials commodity flow study. The study analyzes traffic patterns and material flows (including rail via Norfolk Southern and CSX) to help local emergency responders,

HazMat teams (partnered with Chesterfield), and small towns prepare for accidents and mitigate risks. The basic proposal from Cesco Group Environmental Engineering is \$25,300, which staff recommended funding across the largest TIF districts. Cino noted that previous direct grant applications were unsuccessful, though the county successfully utilizes state-backed federal grants for its 5-year Multi-Hazard Mitigation Plan updates.

- **Action & Vote Disposition:** Approved by Voice Vote.
- **00:19:17 Letter from Westdale School Board**
 - **Sponsor / Presenter:** Staff / John
 - **Deliberation Summary:** Staff presented a letter from Westdale Schools objecting to information discussed during a prior June Redevelopment Commission meeting regarding their sewer system and filings. The school board claimed their reputation was harmed and requested the video of that meeting be removed in its entirety. Staff confirmed that the original presentation was based on accurate, verified information obtained from IDEM, Westdale's own public filings, and communications with the school corporation, and that Westdale subsequently amended its plans. Board members strongly agreed that public meeting recordings must remain accessible and that statements made were factual rather than defamatory.
 - **Action & Vote Disposition:** Board consensus to deny the request to remove the video; staff will draft a response letter to the school board president.
- **00:21:55 Invoices & Claims**
 - **Sponsor / Presenter:** Staff
 - **Deliberation Summary:** Routine review of commission invoices. (No bond or TIF bond invoices presented).
 - **Action & Vote Disposition:** Approved by Voice Vote.

5. Open Public Comment / Citizen Forum

- **00:22:10** The floor was opened for public comment, but no members of the public stepped forward with questions or comments.

6. Administrative Updates & Adjournment

- **Staff / Board Announcements:** None specified outside of upcoming administrative actions (November town board presentation and drafting the Cowan tree resolution).
- **Adjournment:** The meeting was adjourned by voice vote following a motion and second. *(Exact closing timestamp not verbally stated; immediately follows public comment).*
