 - Staff reported on a previous request from Steve Shrieve regarding a potential ordinance amendment for septic system exemptions from commercial sewer connections. Staff recommended *not* amending the ordinance, noting it would

have broad-ranging countywide implications and that Mr. Shrieve's existing system did not meet Health Department requirements under current statutory criteria (requiring 10+ acres and specific health standards) 00:05:10.

5. Open Public Comment / Citizen Forum

- 00:06:42 **Jennifer Irving** (2122 County Road 1000 North, Eaton)
 - **Key Concerns:** Spoke as a member of the committee appointed to work on a local CAFOs (Confined Animal Feeding Operations) ordinance. She noted that the committee is approaching its deadline and requested that the current moratorium on new applications be extended to January 1st to allow sufficient time for committee completion, board review, and public hearings without a lapse in protections 00:06:52.
 - 00:10:26 **Resident / Property Owner (Name partially inaudible / "Centennial" referenced in transcript)**
 - **Key Concerns:** Addressed the board regarding Brad Bookout's earlier report on Steve Shrieve's septic system and commercial sewer connection dispute. The speaker argued that if a property owner is willing to invest personal funds (e.g., ~\$19,000) to install an operable septic system approved by the Board of Health, they should not be indefinitely forced to pay monthly fees (\$82/month) to a regional wastewater district commercial system simply because an old system failed 00:10:42. A back-and-forth debate ensued between the speaker, Brad Bookout, and the commissioners regarding whether Mr. Shrieve's proposal bypasses Board of Health oversight and statutory acreage/eligibility requirements 00:11:01.
-

6. Administrative Updates & Adjournment

- **Staff / Board Announcements:** Follow-up actions assigned to staff to reach out to Mr. Shrieve regarding correspondence [00:06:07](#).
 - **Adjournment:** The meeting concluded following the public comment period and final motions (exact adjournment time not explicitly stated in the transcript text).
