#### 4. Substantive Business & Board Action

---

- **00:01:07 Resolution regarding Bridge #268 Improvements (23rd Street over Buck Creek)**
    - **Sponsor / Presenter:** Angie (presenting staff member).
    - **Deliberation Summary:** The presenter explained that the board previously funded \$750,000 to rehab bridge number 268 on 23rd Street over Buck Creek, covering the original budget. However, during demolition, an accident occurred when the contractor removed the center span and it collapsed; the concrete caught on the rebar and rotated the piers. Consequently, the piers must now be replaced and redesigned. An additional \$300,000 is requested for this purpose. Staff confirmed that approximately \$6 million exists in unallocated CREE district funds, which is sufficient to cover this request without issue. Construction is expected to begin in the spring after permits and designs are finalized. Staff also provided brief updates on other board-funded projects: the intersection of Kaolin and 23rd Street is complete, and the design for the bridge on the road is ongoing with construction hoped for next year.
    - **Item-Specific Public Input:** None.
    - **Action & Vote Disposition:** 00:03:57 Motion and second made to adopt resolution number 20 (requesting \$300,000 for bridge pier redesign and replacement). Approved by Voice Vote.
- 

#### 5. Open Public Comment / Citizen Forum

---

#### 6. Administrative Updates & Adjournment

---

- **Staff / Board Announcements:** 00:02:51 It was noted that the body meets infrequently, usually on an annual basis when a request is made. Staff noted a supplemental contract for commissioners will be presented after the November 5th meeting to start the design of the new piers.
- **Adjournment:** 00:04:19 Following a motion to adjourn and a second, the meeting was concluded by voice vote. Specific adjournment time was not stated.
