4. Substantive Business & Board Action

 - **Item Identifier & Title:** Case BCA-35-25 (Jurisdiction: Board of Zoning Appeals) <U+2014> Request by TWG Development Inc. (Indianapolis, IN) for a special use under the city's comprehensive zoning ordinance to construct a 98-unit multifamily apartment complex restricted to adults aged 55 and older, located at 610 East Wiser Street (the former McGuff roofing site).
 - **Sponsor / Presenter:** Marissa Katzer, representing TWG Development Inc.
 - **Deliberation Summary:** The presenter explained that the project utilizes Indiana Housing and Community Development Authority (IHCDA) low-income housing tax credits. The development will feature an on-site property management office, a fitness center, reading rooms, community gardens, pet friendliness (up to two pets), and a newly added bus stop. Additionally, the developer requested setback variances (front and rear yards due to code-required stairwells and site shapes) and a parking reduction based on lower historical car-ownership rates among senior affordable housing residents. Board members discussed security measures, LED lighting, parking adequacy, and building design.
 - **Item-Specific Public Input:**
 - **00:10:08 Mayor Dan Ridenour** spoke in strong support of the project, highlighting its alignment with the East Side Neighborhood Plan, its proximity to the Cardinal Greenway, and the city's readiness to provide the necessary funding match.
 - **00:12:14 Craig Johnson** (2800 West Penny) expressed general support but raised questions regarding Greenway security and proximity to trail encampments.
 - **00:13:40 Property Owner** (1700s View Drive, owner of 610 East Wiser) spoke in support, noting that the current vacant building is a blight, attracts daily break-ins and drug activity, and that the new development will significantly improve neighborhood safety.
 - **Action & Vote Disposition:** Passed Unanimously (Favorable recommendation of 7-0 forwarded to the Board of Zoning Appeals scheduled for September 25th) 00:25:40.
