 - **Sponsor / Presenter:** Mayor Dan Ridenour (City of Muncie) and Jeff How (Muncie Redevelopment Commission)
 - **Deliberation Summary:** Mayor Ridenour and Jeff How presented an overview of Muncie's housing initiatives and requested financial participation from the Delaware County Redevelopment Commission. The specific project involves a local builder (Trade Home / Terry) constructing homes in the \$450,000+ price range (approx. 42 units) requiring infrastructure support. The total infrastructure/subdivision development cost is estimated at \$2.3 million, with a Delaware County Redevelopment Commission ask of \$47,200 for infrastructure drawing proportionally. The presenters emphasized addressing the regional housing shortage for high-earning commuters, generating county property and income tax growth, and mitigating builder risk.
 - **Item-Specific Public Input:** None.
 - **Action & Vote Disposition:** Approved to draft an ordinance approving up to \$47,200 based on a draw structure tied to developer investment, with funding sourced from closest adjacent TIF districts (Morrison, Nebo, etc.). Passed by roll call vote (00:34:13).

 - **Sponsor / Presenter:** Trace / Staff
 - **Deliberation Summary:** Staff provided comps for the area near Exit 234 but noted that property pricing is not material until ingress, egress, and utility easements/site

access are established. The property giving right-of-way/access is believed to be owned by Jim Reed (represented by Brian Allert). The board agreed to restart conversations regarding access.

- **Action & Vote Disposition:** Consensus to direct staff to reach out to legal representation to establish site access.

- **00:39:39 New Business: Oakville Weather Siren Alert**
 - **Sponsor / Presenter:** Commissioner Brand
 - **Deliberation Summary:** Monroe Township Trustee Leonard Reese inquired about installing a tornado siren in Oakville due to coverage gaps from Cowan. A quote for a tower and siren totals \$34,747. Potential locations include the Keystone grain elevator structure (to utilize existing height/power) or county-owned/local parcels. No immediate action was requested; the item was introduced for future discussion once a location and power source are finalized.
 - **Action & Vote Disposition:** Placed on the table for future consideration by voice vote (00:42:15).
- **00:43:21 Invoice Approvals**
 - **Sponsor / Presenter:** Staff / Board

Discussion centered on an invoice for the Isaiah House project (\$49,352.6) which would fulfill the final portion of their initial \$200,000 pledge. Expressing concern over project stagnation and turnover, the board elected to hold payment pending a virtual meeting with Isaiah House leadership. An invoice from United for bridge 179 overlay (\$8,800) was confirmed as already paid in July.
 - **Action & Vote Disposition:** Approved general invoices *minus* the Isaiah House invoice (\$49,352.60), resulting in an approved claims total of \$18,371.00, by roll call

vote (00:47:14).
