 - **Deliberation Summary:** Superintendent Roach presented a request to create a new drive and parking lot layout to help alleviate severe traffic congestion and safety issues on 6th Street and Walnut Street during morning and afternoon school hours. The project involves purchasing land from Sam Pierce and adding a 50-foot staging area to get cars off the roadway. The commission attorney noted that Resolution 2022-10 covers this project, with the school corporation covering all costs except for \$100,000, which will be funded using sufficient funds from the Daleville Consolidated TIF District.

 - **Sponsor / Presenter:** Staff / Engineering representative.
 - **Deliberation Summary:** Following up on the previous month's discussion regarding high trail costs, the project was revised to eliminate a portion east of Garki Street. This reduction lowered professional services for easement preparation by \$8,500, bringing the total engineers' estimate for the trail down to \$1,268,000, aligning it with budget expectations.

 - **Action & Vote Disposition:** Approved supplemental agreement to move forward with easement preparations by voice vote (00:04:32).
- **00:04:37 Industrial Center and Daleville TIF Expansions**

 - **Deliberation Summary:** Staff presented documentation regarding the expansion of the Industrial Center TIF and the Daleville TIF, both expanding along State Road 67 to meet at County Road 600 West (Daleville on the west side, Industrial Center on the east side). The expansion adds parcels zoned for limited business or industrial use. Staff noted coordination with Marta from the Plan Commission to exclude specific parcels on Fusion Road (Old 67) that contain R5 residential zoning, remaining sensitive to past objections from Southwind Village and Breezewood residents regarding light industrial zoning changes. The initial declaratory resolutions (Resolution 2022-11 for the Industrial Center expansion and Resolution 2022-13 for the Daleville TIF expansion) initiate the statutory process to explore the expansions.
