Muncie Sanitary District Board of Commissioners Meeting Summary

Meeting Date: October 19, 2022

Board Name: Muncie Sanitary District Board of Commissioners

1. Meeting Identification & Attendance

- **Call to Order & Spoken Details:** The meeting was called to order at [00:00:10](#) by the presiding officer.
- **Attendance:**
 - **Present:** Three board members (Quorum established).
 - **Excused Absence:** Stephen Brand, President (noted for the record).

2. Preliminary & Procedural Business

- **Ceremonial Openings:** The meeting opened with the recitation of the Pledge of Allegiance [00:00:19](#).
- **Approval of Minutes:** The board reviewed and approved the meeting minutes from October 5, 2022, by voice vote [00:00:58](#).

3. Substantive Business & Board Action

- **00:01:20 Consideration of Register of Claims**
 - **Sponsor / Presenter:** Board members / Staff.
 - **Deliberation Summary:** Review of claims totaling \$2,406,989.33. Highlights included:
 - Gillingham/Hansen's Altshar Project (combination engineering and CDBG project for paving and drainage enhancements).
 - Wessler Engineering charges (Indian village and Lynnmar stormwater drainage projects).
 - A \$640,000 charge from Bunn for a stormwater project (paid out of ARP stormwater funds distributed by the city for a large detention pond).
 - Preventative maintenance charges for lift stations (~\$23,000 with a \$7,353 credit).
 - **Action & Vote Disposition:** Approved by voice vote **00:03:46**.
- **00:04:04 District Administrator Update**
 - **Sponsor / Presenter:** John Barlow, District Administrator.
 - **Deliberation Summary:**
 - The final draft of the long-term control plan (LTCP) amendment and financial capability analysis has been submitted by consultants for review. An official submission letter to IDEM is planned for Friday. The amendment updates the 2011 plan (which called for 100% separation) to a partial separation model. Staff noted that 100% separation would discharge untreated stormwater directly to the river, whereas partial separation treats stormwater flows, providing significant financial savings and better environmental/biological outcomes for the river.
 - Levee mowing bids for the 2023 season will be advanced earlier this year (advertising by late October, bid opening on November 30) to give contractors more time to plan equipment and staffing.
 - **Action & Vote Disposition:** Information only; no board action required.
- **00:09:22 Department Head Update (Sanitation & Greenline)**
 - **Sponsor / Presenter:** Phil Reagan, Department Head.
 - **Deliberation Summary:**
 - Leaf pickup season begins November 2nd.
 - Provided an annual update on the Compressed Natural Gas (CNG) station:
 - MSD locked in a 5-year contract in April 2020 at \$2.82/dekatherm.
 - As of October 1st, sanitation has used 64,495 gas gallon equivalents (GGE) costing \$96,741.27. Running on diesel would have cost \$226,890.23, resulting in direct fuel savings of \$130,000 (plus additional savings in DEF fluid and reduced maintenance downtime).
 - Federal alternative tax credits/reimbursements total over \$480,000 since the station was built, with credits extended for another 3 fewer years (\$0.50/gallon).

- Grant funding tied to the CNG station has brought in over \$225,000.
 - The 15-year return on investment is projected to be achieved about five years ahead of schedule.
 - CNG trucks run 47 times cleaner than a 2007 diesel truck.
 - **Action & Vote Disposition:** Information only; no board action required.
- **00:16:25 Resolution 2022-5: Rate Increase for Septic Vendors and Hauling**
 - **Sponsor / Presenter:** Jason Ingram.
 - **Deliberation Summary:** Proposed a rate increase for septic hauling fees, which have not increased since 2014. Current flat fees are \$60 for 0<U+2013>2,000 gallons and \$90 for over 2,000 gallons. Proposed rates: \$90 for 0<U+2013>2,000 gallons, and \$135 (approx. 4.5 cents per gallon) for over 2,000 gallons. The increase covers maintenance, parts, repairs, semi-annual service, electricity, and chemicals at Delaware County's only septic receiving facility, ensuring costs are not passed on to regular rate customers.
 - **Action & Vote Disposition:** Approved by voice vote **00:19:30**.
- **00:19:41 Engineering Bid Opening: 20th and Mock Avenue Storm Sewer**
 - **Sponsor / Presenter:** John Anderson, District Engineer.
 - **Deliberation Summary:** Opened bids for approximately 2.5 blocks of new storm sewer to address local drainage issues:
 - *Cobalt Civil* (Winchester): \$446,440.00
 - *Watson Excavating* (Red Key): \$336,345.00 (Apparent low bid)
 - *JG Case Construction* (Muncie): \$398,000.00
 - **Action & Vote Disposition:** Taken under advisement for review by the district engineer and legal counsel, with award expected at the next meeting **00:22:03**.
- **00:22:30 Release of Retainage to Bowen Engineering**
 - **Sponsor / Presenter:** Dina Cox.
 - **Deliberation Summary:** Request to release partial retainage to Bowen Engineering in the amount of \$420,415.04 for completed work related to the CSO 23 separation project and White River Interceptor lining project. Staff confirmed work is complete and verified that Bowen is paying subcontractors timely.
 - **Action & Vote Disposition:** Approved by voice vote **00:23:36**.

4. Open Public Comment / Citizen Forum

- **00:24:54** Presiding officer opened the floor to public comment. No members of the public stepped forward to speak **00:25:09**.
-

5. Administrative Updates & Adjournment

- **Staff / Board Announcements:** The next regular meeting is scheduled for Wednesday, November 2, 2022, at 11:30 AM in the same auditorium [00:25:11](#).
- **Adjournment:** The meeting was adjourned by voice vote following a motion [00:25:20](#).
